

Agenda for Monolith NT.115 User Training
National Institute of Chemistry Ljubljana –
Laboratory for Molecular Biology and Nanobiotechnology

Tuesday, April 17, 2018:

- 09.00h-10.00h: Seminar: MST set-up & assay development using features of MO.Control software
- 10.00h-10.30h: Seminar: Introduction to Tycho NT.6 – rapid protein quality determination
- 10.30h-11.00h: MST applications and assay development – open discussion
- 11.00h-12.30h: Lunch break
- 12.30h-16.00h: Practical Session – MO.Control Software in day-to-day use (Optional: assay development workflow of user selected samples)
